

PARIS CERAMICS

Llowes Stone is considered an extremely high quality and durable material. Llowes Stone is smooth and close textured. Visible random shell flecks in tones of taupe, beige and aborigine highlight its buff background. This is a timeless English stone used in the floors of Windsor Castle and Trinity College.

Llowes Stone is available in approximate sizes:

16" x 16" x $\frac{3}{4}$ "

16" x 24" x $\frac{3}{4}$ "

24" x 24" x $\frac{3}{4}$ "

Slab, custom sizing and cutting are also available. Please do not consider texturing this unusual stone. Its unique shelling makes this smooth stone appear textured.

Please call Paris Ceramics London on +44 (0)20 7371 7778 for more information, product usage, coordinating materials and other product options.
