

PARIS CERAMICS

Lacoste limestone has a coarse grain that makes it particularly suitable for outside use, with its non-slip, frost-resistant surface. This stone is ideal for swimming pool deck surfaces, carved copings, bull nosed steps, capped pillars and balustrades. Silvery white in coloration with shell flecks, this stone mellows with age and embraces a warmer tone.

Lacoste limestone is available in approximate sizes:

16" x 16" x 1"

16" x 24" x 1"

Slab, custom sizing, cutting and texturing are also available.

Please call Paris Ceramics London on +44 (0)20 7371 7778 for more information, product usage, coordinating materials and other product options.
