Flamme Limestone comes from historic quarries centuries old. This incredible limestone is extremely hard and has high quartz content. Once quarried, the surface is “flamed” to reveal its coloration and render the flagstones non-slip. Perfectly suited for exterior use where a period effect is required. Flamme is available in two colorations: pink and grey.

Flamme Limestone is available in approximate sizes:

16" x 16" x 3/4"
16" x 24" x 3/4"

Slab, custom sizing and custom cutting are also available.
