Magny Jaune Limestone- A French classic, this medium density French limestone has been used in Europe for hundreds of years. Golden beige in coloration with a subtle consistent shelling, this durable stone is perfect for both formal and casual applications. Coloration will vary slightly from batch-to-batch and tile-to-tile, but this just gives the stone greater interest. Magny Jaune is ideal for interiors as well as exteriors in non-freeze locations.

Magny Jaune is available in approximate sizes:

16" x 16" x 3/4"

16" x 24" x 3/4"

Slab, custom sizing, cutting and texturing (Magny Jaune textures beautifully) are also available.
