Olive Travertine- The extraordinary olive color makes this travertine rare and precious. Travertine is a form of rock created from limestone near hot bubbling springs, thus creating its inherent pitted surface that at first glance looks like the flow of water. Perfectly suitable for floor and wall applications, this stone will help create the perfect canvas to show off any décor.

Olive Travertine is available in approximate sizes:

16" x 16" x 3/4"

16" x random lengths x 3/4"

Slab, custom sizing, cutting are also Available. Red Travertine, just as extraordinary is also available.
