Negev Limestone is quarried from the hills surrounding Jerusalem and has been used since Roman times. With its mellow golden buttery tones, overlaid with coral, caramel and grey veining, this stone is extremely hard wearing. Almost marble-like, Negev limestone is particularly suitable for use in bathrooms and other “wet” areas.

Negev limestone is available in approximate sizes:

24” x 24” x 3/4” with plain edges

24” x 24” x 3/4” with distressed edges

Slab, custom sizing and cutting are also available.
