

# PARIS CERAMICS

**New Distressed Jerusalem Stones** are a new product developed by Paris Ceramics. The goal was to create the effect of an antique floor using new materials. Using newly quarried stones from the areas surrounding Jerusalem, Paris Ceramics has created a colorful mix representing the area: honey, creamy beiges, corals and rich golden tones are all part of this floor that celebrates life. Antiqued Jerusalem Limestone is suitable for interior and exterior use.

Antique Jerusalem Limestone is available in approximate sizes:

Random sizes by 1" to 1¼" in thickness  
Coursed lengths by 1" – 1¼" in thickness
